

Stay (or get) on Track... Financially !

Books:

You Paid How Much For That? How to Win at Money Without Losing at Love

The authors (Natalie H. Jenkins, Scott M. Stanley, William C. Bailey, Howard J. Markman) not only reveal sound principles of money management, but they also give practical tools to help you solve your financial problems together.

Couples and Money: A Couples' Guide Updated for the New Millennium

Asking the question, "Why does everyone find money so damn hard to talk about?", Victoria Collins and Suzanne B. Brown provide worksheets, and tips on merging your financial goals.

For Richer, Not Poorer: The Money Book for Couples

Providing budgeting and money-management techniques, here are Ruth L. Hayden's strategies and skills to improve relationships and resolve money issues.

Money Harmony: Resolving Money Conflicts in Your Relationships

Starting with a money personality quiz, you can find out whether you and your spouse are hoarders, spenders, money monks, or avoiders. Olivia Mellan discusses the importance of family history and debunks common myths equating money with love, happiness, power, freedom, self-worth and security.

Rich Dad's Conspiracy of The Rich: The 8 New Rules of Money reaches number 4 on the Inc. Magazine and 800-CEO-READ top selling business books list. By Robert Kiyosaki

Online Resources:

<http://wiseupwomen.tamu.edu/> Wi\$eUp is a financial education program for Generation X & Y women. It promotes financial security through online education. The online course has 8 components and is free upon registration.
